

## PNGDF work in partnership with US Pacific Command

THIRTY-five members of the PNGDF and Department of Defence, in partnership with US Pacific Command (PACOM), working through its executive agent, Center for Excellence in Disaster Management and Humanitarian Assistance (COE), and the Joint United Nations Program on HIV/AIDS (UNAIDS),

HIV/AIDS care, treatment, monitoring and evaluation. PACOM in partnership with the PNGDF has worked towards prevention and reduction of HIV/AIDS and sexually transmitted infections (STIs), as well as provision of treatment and care services to military personnel, dependents, and civilians accessing military HIV/AIDS services.

all contributing partners to the PNGDF program, including the PNG National AIDS Council, the PNG Department of Defence, and the Department of Health. These efforts are to ensure minimum duplication of resources across partners, resource-sharing for maximum program effectiveness, and utilization of the partners' areas of
